IAA ACTUARIES WITHOUT BORDERS SECTION  
SECTION DES ACTUAIRES SANS FRONTIÈRES DE L'AAI

Following the launch and rapid expansion of the AWB global mentorship program (as announced below), to meet the demand of different mentees, we are currently looking for more volunteer support of mentors specialists in life insurance as well as French speaking mentors.

If you are interested in becoming a mentor or a tutor, please complete the [mentor application form](#). The forms must be returned to the project manager ([AWB-MET@actuaries.org](mailto:AWB-MET@actuaries.org)) for processing. Priorities will be given to current AWB members but non-members are also welcomed. Priorities will also be given to qualified actuaries and actuarial science professors.

To find out more information about this initiative, please go to the [AWB's mentorship webpage](#). If you have any questions about this global program or would like to receive additional information before making a decision, please do not hesitate to contact the AWB Executive Director, Renata De Leers ([awb-ed@actuaries.org](mailto:awb-ed@actuaries.org)), or the project manager, Bosco Chan ([AWB-MET@actuaries.org](mailto:AWB-MET@actuaries.org)).

IAA ACTUARIES WITHOUT BORDERS SECTION  
SECTION DES ACTUAIRES SANS FRONTIÈRES DE L'AAI

Actuaries Without Borders (AWB®) is seeking volunteers to participate in a global remote mentorship program. This program is extended to cover remote exam tutoring for professional actuarial exams. The remote mentorship program provides the following benefits to the global society:

1. It provides assistance in the development of actuarial profession where there is a lack of such resources.
2. It contributes to the awareness of the actuarial profession and the spread of the actuarial education by encouraging qualified actuaries and academics across the world to volunteer in global mentoring, including actuarial exam tutoring, through a convenient platform available around the clock.

This program is not intended to provide free consulting service nor non-actuarial coaching. It is restricted to non-commercial use.

Under the direction of the project manager, the program matches the mentee's application with the mentor's background on a one to one basis. To support the mentor, the program provides a country fact sheet with information about the local actuarial environment and local culture. Both mentor and mentee will be given the rules and guidelines of the program in order to understand the boundaries of the mentor's and the mentees' roles and responsibilities. Since the program is a remote program, there is no travel requirement. Furthermore, mentor and mentee are encouraged to leverage free computer software/mobile phone applications to communicate; hence, AWB will not provide any expense reimbursement.

If you are interested in becoming a mentor or a tutor, please complete the [mentor application form](#) but if your interest is to receive mentorship service please complete the [mentee application form](#). The forms must be returned to AWB ([AWB-MET@actuaries.org](mailto:AWB-MET@actuaries.org)). Priorities will be given to current AWB members but non-members are also welcomed. Priorities will also be given to qualified actuaries and actuarial science professors.

To find out more information about this initiative, please go to the [AWB's mentorship webpage](#). If you have any questions about this global program or would like to receive additional information before making a decision, please do not hesitate to contact the AWB Executive Director, Renata De Leers ([awb-ed@actuaries.org](mailto:awb-ed@actuaries.org)), or the project manager, Bosco Chan ([bosco.chan@prudential.com](mailto:bosco.chan@prudential.com)).
