## www.actuvview.com – A global community

Our global initiative for high-class CPD video content is supported by a broad network of partners all around the world.

The actuvview community includes more than 50 national associations, the umbrella organisations AAE, IAA and CGA as well as scientific institutions. actuvview is steadily growing this network into all world regions. Moreover, we value the partnership with our corporate partners Africa Re, Deloitte, Gen Re, Milliman, msg life, and most highly with our Sponsoring Partner RGA.

Life-long learning is one of the prerequisites for actuaries to guarantee expert work for their employers and clients. With actuvview, it is easier than ever to keep up to date with industry trends or collect CPD time in a specific actuarial field. With hundreds of new web sessions, conference recordings and expert interviews, there is exciting content for everyone.

## www.actuvview.com – The best user experience

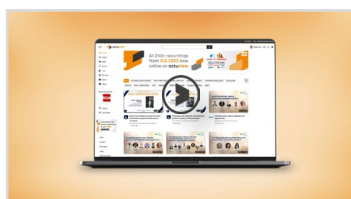

After several months of intense work behind the scenes, we are proud to announce the relaunch of our video platform.

In June 2024, actuvview will launch with new features, an enhanced search engine, and boosted processing capabilities. Actuaries visiting actuvview will discover a new, intuitive design and additional perks like playlists and comprehensive filter options. All updates are meant to stay up-to-date with the latest technological infrastructure and to deliver the best user experience for our audience worldwide.

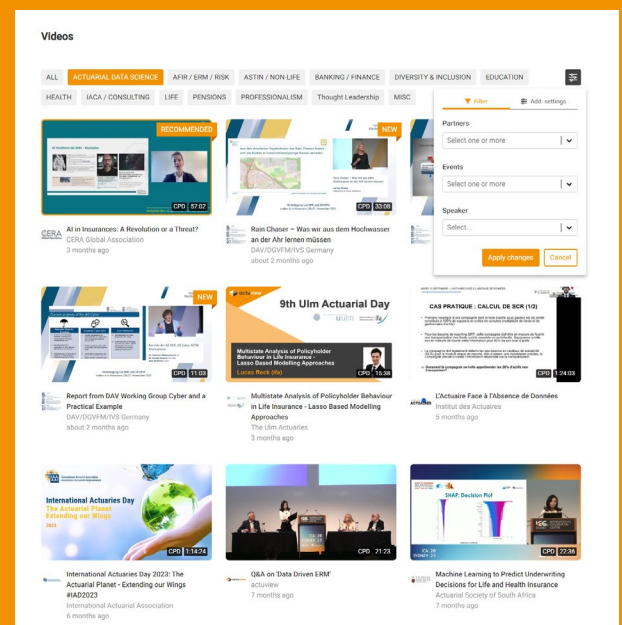

It is our goal to support the actuarial community with knowledge and expertise all around the world. With more than 3,600 videos online on actuvview and the new search engine, it was never easier to find high-class content on your field of practice and to collect CPD time wherever and whenever you want. Our specially designed video player tracks the watch process by the second and documents it in a personal CPD record.

- Free registration if you are associated with one of our 70+ partners
- New features like a boosted search engine, new filter options, and playlists
- Detailed watch tracking with export of your personal CPD record
